

# SSC CGL Syllabus 2025

---

The SSC CGL syllabus for 2025 is an extensive guide to the preparation for the SSC CGL examination. It is divided into multiple sections across both Tier 1 and Tier 2 exams, each focusing on different subjects. This document outlines the entire syllabus for each subject, ensuring you have a structured approach to your preparation.

## SSC CGL Tier 1 Syllabus 2025

The Tier 1 exam includes a total of 100 questions spread across four sections: General Intelligence & Reasoning, General Awareness, Quantitative Aptitude, and English Comprehension.

### General Intelligence & Reasoning

This section tests the logical and analytical thinking of the candidates.

Topic	Sub-Topics
Analogies	Verbal, Non-Verbal
Classification	Analogies, Odd One Out
Series	Number, Alphabet, Figure Series
Blood Relations	Coded Relationship, Family Tree
Direction Sense	Distance and Direction
Coding-Decoding	Alphabet-based, Number-based
Matrix	Arrangement, Numbers
Syllogism	Statements and Conclusions
Venn Diagrams	Set Theory
Pattern Recognition	Number and Figure Completion

### General Awareness (GK)

The General Awareness section covers topics like current affairs, Indian Polity, Geography, History, and Science.

Topic	Sub-Topics
History	Ancient, Medieval, Modern

Geography

Polity

Economy

Science

Current Affairs

Static GK

Physical, Indian, World Geography

Indian Constitution, Fundamental Rights, Judiciary

Basic Concepts, Government Schemes

Physics, Chemistry, Biology

National and International Events

Awards, Books, Authors, Institutions

### Quantitative Aptitude

The Quantitative Aptitude section tests numerical ability, and it covers various mathematical topics.

Topic

Number System

Arithmetic

Algebra

Geometry

Mensuration

Trigonometry

Coordinate Geometry

Data Interpretation

Sub-Topics

LCM, HCF, Fractions, Decimals

Percentages, Profit & Loss, SI & CI, Time & Work, Ratio & Proportion

Linear Equations, Quadratic Equations

Lines, Angles, Circles, Triangles

2D & 3D Figures

Trigonometric Ratios, Heights & Distances

Graphs, Cartesian Plane

Tables, Graphs, Pie Charts

### English Comprehension

The English Comprehension section assesses candidates' proficiency in English grammar and vocabulary.

Topic

Reading Comprehension

Grammar

Sub-Topics

Passages, Questions based on Passage

Articles, Prepositions, Tenses, Subject-Verb Agreement

Vocabulary

Synonyms, Antonyms, One-word Substitution

Error Detection

Spotting Errors in Sentences

Sentence Rearrangement

Jumbled Sentences

Fill in the Blanks

Contextual Use of Words

## SSC CGL Tier 2 Syllabus 2025

In Tier 2, the difficulty level increases, and questions are more concept-based, especially in the areas of Advanced Mathematics and English.

### Quantitative Abilities (Paper 1)

Advanced mathematics topics like Algebra, Trigonometry, Geometry, and Data Interpretation are covered.

Topic

Sub-Topics

Algebra

Polynomials, Indices, Logarithms, Quadratic Equations

Geometry

Circles, Lines, Tangents, Areas

Mensuration

Surface Areas, Volumes, 3D Shapes

Trigonometry

Trigonometric Functions, Ratios, Heights & Distances

Coordinate Geometry

Distance Formula, Mid-Point Formula, Straight Line

Data Interpretation

Bar Graphs, Line Charts, Pie Charts

Statistics

Mean, Median, Mode, Standard Deviation

Probability

Basic Probability Theory, Permutation, Combination

### English Language and Comprehension (Paper 2)

The Tier 2 English section includes advanced grammar, comprehension, and writing skills.

Topic

Sub-Topics

Reading Comprehension

Passages, Detailed Questions

Sentence Correction

Para Jumbles

Cloze Test

Vocabulary

Writing Skills

Error Spotting, Sentence Improvement

Sentence Rearrangement

Fill in the Blanks

Synonyms, Antonyms, Idioms, Phrases

Precis Writing, Letter Writing
