Q.16 The marked price of every item being sold by a wholesaler was ₹300. The wholesaler was offering a stock-clearance sale under which, for every three items paid for, one item was being given free. In addition to this, a further 10% discount on the amount payable on the 'Buy 3, Get 1 free' scheme price was being offered to anyone making purchases worth more than ₹10,000. Ramesh made purchases for which this amount payable was ₹18,000. What was the effective percentage discount that was offered to Ramesh during this transaction?

Ans

X 1. 32%

X 2. 31.5%

**3**. 32.5%

**X** 4. 32.75%

$$\left[ \left( 5\frac{1}{2} \right)^2 - \left( 2\frac{3}{4} \right)^2 \right] \div 2\frac{3}{4}$$
.

 $\times$  3.  $8\frac{3}{4}$ 

Question ID: 26433039267

Status: Answered

Q.15 The given table shows the revenue, cost and tax rate for a company for a period of 6 years. The revenue and cost are given in Rs. lakhs.

Year	Revenue	Cost	Tax rate
2015	62	30	15%
2016	75	35	10%
2017	84	38	15%
2018	86	40	20%
2019	90	45	25%
2020	95	50	25%

Profit = Revenue - Cost

Profit after tax for any year = Profit for that year - Tax for that year

Tax for any year = Tax rate for that year × Profit for that year

Find the total sum (in Rs. lakhs) of profit after tax for 2015 to 2020.

**Ans** 1. 206.6

X 2. 192.8

X 3. 220.2

X 4. 215.3

Q.2 Complete the collocation.

Since I like him a lot, I \_\_\_ him out.

Ans

X 1. talked

2. went

3. asked

4. called

Question ID: 26433045441 Status: Answered

Chosen Option: 1

Q.3 Sentences of a paragraph are given below in jumbled order. Arrange the sentences in the correct order to form a meaningful and coherent paragraph.

A. It was in this spirit that my little ones crept about me the other evening to hear about their great-grandmother Field, who lived in a great house in Norfolk (a hundred times bigger than that in which they and papa lived), which had been the scene-so at least it was generally believed in that part of the country-of the tragic incidents which they had lately become familiar with from the ballad of the Children in the Wood. B. Here, Alice put out one of her dear mother's looks, too tender to be called

upbraiding.

C. Children love to listen to stories about their elders when they were children; to stretch their imagination to the conception of a traditionary great-uncle, or grandame, whom they never saw.

D. Certain it is, that the whole story of the children and their cruel uncle was to be seen fairly carved out in the wood upon the chimney-piece of the great hall—the whole story down to the Robin Redbreasts-till a foolish rich person pulled it down to set up a marble one of modern invention in its stead, with no story upon it.

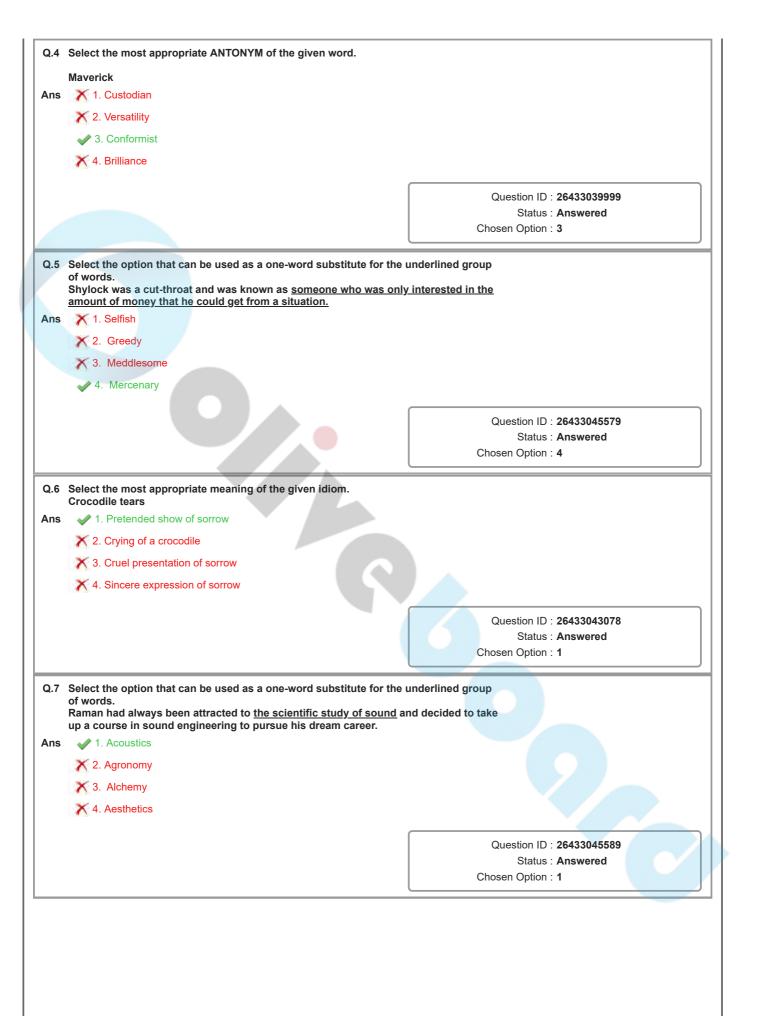

X 1. CDBA

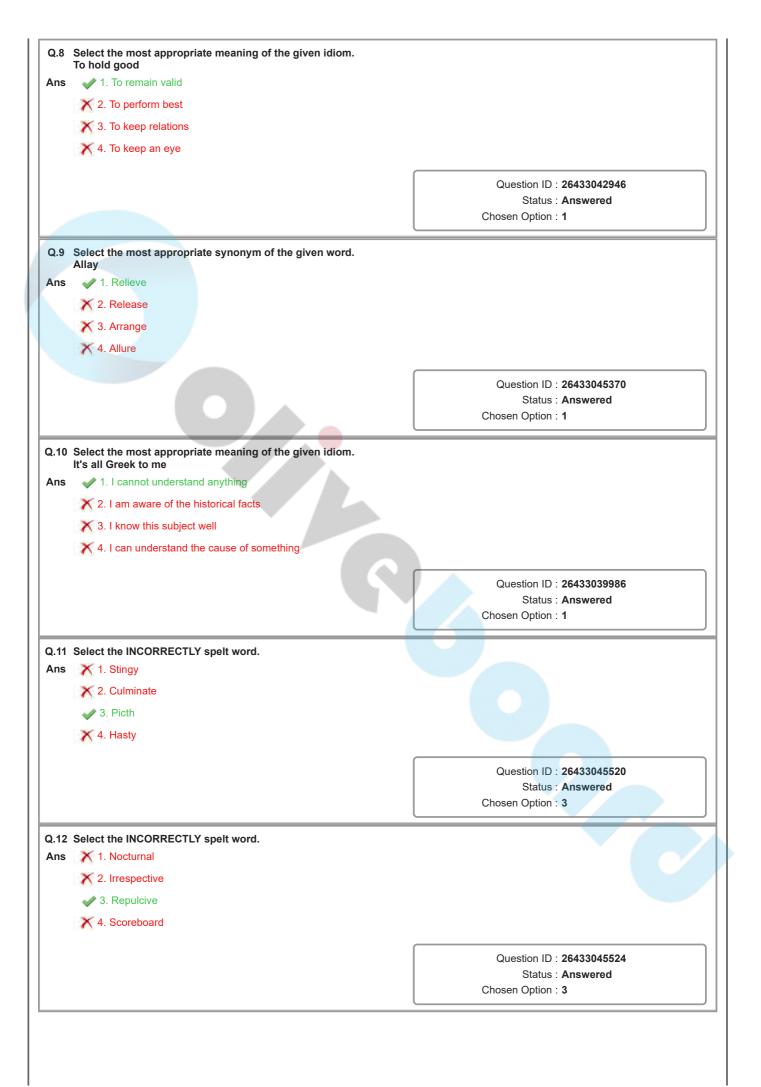

2. CADB

X 3. DBCA

X 4. ADCB

Q.24 Three statements are given, followed by three conclusions numbered I, II and III. Assuming the statements to be true, even if they seem to be at variance with commonly known facts, decide which of the conclusions logically follow(s) from the statements.

Statements:

Some pots are boxes.

All stands are boxes.

Some cartons are stands.

## Conclusions:

- I. Some cartons are boxes.
- II. Some cartons are pots.
- III. Some pots are stands.

Ans

1. Only conclusions I and II follow

2. Only conclusion I follows

X 3. Only conclusions I and III follow

X 4. Only conclusion II follows

## Comprehension: In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Although everyone wants to be successful in life, there are (1) people who know the elements of success, the factors that go to build up success. Today, success is being (2) with making money, with amassing millions and billions. Some people equate it with power and position. Many of us tend to equate success with visible material acquisitions. Outer things and external achievements are not a (3) \_ of success. Power, prestige, position, social influence and higher degrees awarded by universities — all these are outer things. They only touch the fringe of life; they do not enter the depths within. A man may have all these and yet maybe intellectually barren; he may be emotionally barren and spiritually sterile. Would you call such a man (4)\_\_\_\_ \_? What then is success all about? What is true success? Success can be defined as the ability to be happy and make others happy; the ability to love and be loved; the ability to remain in peaceful (5) with oneself; with those around you and with God's cosmic laws. SubQuestion No: 22 Q.22 Select the most appropriate option to fill in blank number 2. Q.12 Three Statements are given followed by Three conclusions numbered I, II and III. Assuming the statements to be true, even if they seem to be at variance with commonly known facts, decide which of the conclusions logically follow(s) from the statements. Statements: All cakes are sweets. No sweet is a biscuit. Some chocolates are biscuits. Conclusions: I. Some biscuits are cakes. II. Some chocolates are sweets. III. No cake is a chocolate. 1. Only conclusion II follows. 2. None of the conclusions follow. 3. Both conclusions I and III follow. 4. Both conclusions I and II follow. Question ID: 26433043202 Status: Answered Chosen Option: 2 Q.13 Select the set in which the numbers are related in the same way as are the numbers of the following set. (45, 9, 12) (21, 3, 14) (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g. 13 - Operations on 13 such as adding /deleting /multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is NOT allowed) **Ans** (55, 5, 11) **X** 2. (66, 6, 17) 3. (80, 10, 15) **X** 4. (70, 5, 13) Question ID: 26433043229 Status: Not Answered Chosen Option: --Q.14 In a certain code language, 'RESET' is written as '36538540' and 'START' is written as '384013640'. How will 'STOP' be written in that language? **1.** 38401532 X 2. 38401516 X 3. 38401632 X 4. 38403032 Question ID: 26433040754 Status: Answered Chosen Option: 1 Q.15 The second number in the given number-pairs is obtained by performing certain mathematical operation(s) on the first number. #### Q.6 The year wise production of a company (in tonnes) is given in the following table.

Year	Production (in tonnes)
2001-02	790
2002-03	810
2003-04	815
2004-05	890
2005-06	516
2006-07	902
2007-08	912
2008-09	922

From 2001-02 to 2008-09 generally the production was increased, with the exception of one year. The year was:

Ans

**1.** 2005-06

X 3. 2002-03

X 4. 2006-07

Q.2 Sentences of a paragraph are given below in jumbled order. Arrange the sentences in the correct order to form a meaningful and coherent paragraph

A. The two children were so like, that without much difficulty it could not be discerned of their proper parents, which was Titus from Gisippus, or Gisippus from Titus.

B. There was in the city of Rome a noble senator, named Fulvius, who sent his son, called Titus, being a child, to the city of Athens, in Greece (which was the fountain of all manner of doctrine), there to learn good letters: and caused him to be hosted with a worshipful mart of that city, called Chremes.

C. This Chremes happened to have also a son named Gisippus, who not only was equal to the said young Titus in years, but also in stature, proportion of body, favour, and colour of visage, countenance and speech

D. These two young gentlemen, as they seemed to be one in form and personage, so shortly after acquaintance, the same nature wrought in their hearts such a mutual affection, and their wills and appetites daily more and more so confederated themselves, that it seemed none other, when their names were declared, but that they had only changed their places, issuing (as I might say) out of the one body, and entering into the other.
