Undertaking by the candidate:

I acknowledge that this saved question paper is for my personal use and self-analysis only. I understand that sharing, distributing, or using it for commercial or any other purposes is strictly prohibited and may lead to legal action as per applicable acts, rules and regulations.

Note:

The candidates may note that in the challenge module the sequence of the questions and the options may be different from how it appeared during the examination. This is because in the challenge module the sequence of the questions as well as the answers will be the same for all the candidates who appeared in a particular shift while during the actual examination these sequences were different for different candidates. However the answer key selected by the candidates during the examination will exactly be reflected in the challenge module.

PART-D (English Comprehension)

Q.No: 76 Select the most appropriate synonym of the given word: PROPITIOUS	
Doubtful	
Harmful	

Favorable	
Unlucky

Q.No: 87	Change the following from active to passive:
	The university may confer honorary degrees upon exceptional scholars.
	Honorary degrees might have been conferred upon exceptional scholars by the university.
	Honorary degrees may be conferred upon exceptional scholars by the university.
	Honorary degrees may have conferred upon exceptional scholars by the university.

Q.No: 88 Select the sentence containing the homonym of the highlighted word: The legal scholar revised the digest of civil statutes. He took a tablet to aid his digest after the meal.

Honorary degrees must be being conferred upon exceptional scholars by the university.

Q.No: 89 Convert the sentence provided below from its passive voice structure to an active voice structure: The instructions have been misunderstood by many candidates.	
Many candidates misunderstood the instructions.	
Many candidates have misunderstood the instructions.	
The instructions misunderstood the candidates.	
The candidates misunderstand the instructions.	

O.No: 90 Read the following passage and answer the questions based on the passage : Corporate Social Responsibility (CSR) has evolved from being a peripheral philanthropic gesture to an integral strategic imperative in contemporary business ecosystems. Modern corporations are increasingly cognizant of their multifaceted responsibilities—not only to shareholders but also to employees, consumers, communities, and the environment. This paradigm shift reflects a recognition that long-term profitability and sustainability are inextricably linked to ethical conduct and inclusive growth. CSR transcends token charity; it encompasses deliberate initiatives aimed at environmental stewardship, equitable labour practices, transparent governance, and community development. For instance, corporations may engage in afforestation drives, fund educational scholarships, ensure fair wages, or invest in renewable energy solutions. Such undertakings are not merely altruistic—they bolster corporate reputation, foster consumer loyalty, and mitigate regulatory risks. In some jurisdictions, like India, CSR has been legislated, mandating certain profit thresholds to be reinvested into socially beneficial projects, thereby institutionalizing moral capitalism. However, genuine CSR is distinguished from superficial public relations exercises by its intent, consistency, and impact measurement. Tokenistic CSR—where companies engage in isolated acts of giving to polish their public image—can often be counterproductive, exposing ethical hollowness when scrutinized. Conversely, purpose-driven CSR, embedded into core business strategies, can catalyze innovation and expand market reach, especially in underserved regions. Furthermore, stakeholders—particularly the socially conscious millennial and Gen Z demographics—now scrutinize corporate behaviour with unprecedented vigilance. With social media amplifying accountability, any dissonance between a company's stated values and its actions can provoke swift reputational damage. Therefore, CSR today is as much about risk mitigation as it is about value creation. Ultimately, the most impactful CSR initiatives are those that align profit motives with societal advancement. When businesses act not merely as economic entities but as responsible social agents, they contribute meaningfully to holistic progress, bridging the chasm between commerce and conscience. What does the author primarily convey about CSR in modern times? It is outdated It is mandated in all countries It is central to business strategy

It is limited to donations

O.No: 91 Read the following passage and answer the questions based on the passage : Corporate Social Responsibility (CSR) has evolved from being a peripheral philanthropic gesture to an integral strategic imperative in contemporary business ecosystems. Modern corporations are increasingly cognizant of their multifaceted responsibilities—not only to shareholders but also to employees, consumers, communities, and the environment. This paradigm shift reflects a recognition that long-term profitability and sustainability are inextricably linked to ethical conduct and inclusive growth. CSR transcends token charity; it encompasses deliberate initiatives aimed at environmental stewardship, equitable labour practices, transparent governance, and community development. Conversely, purpose-driven CSR, embedded into core business strategies, can catalyze innovation and expand market reach, especially in underserved regions. Furthermore, stakeholders—particularly the socially conscious millennial and see Z demographics—now scrutinize corporate behaviour with unprecedented vigilance. With social media amplifying accountability, any dissonance between a company's stated values and its actions can provoke swift reputational damage. Therefore, CSR today is as much about risk mitigation as it is about value creation. Ultimately, the most i
(contribute meaningfully to holistic progress, bridging the chasm between commerce and conscience.
,	Why are millennials and Gen Z considered important in the CSR discourse?
1	They dislike capitalism
1	They support traditional businesses
1	They demand ethical transparency
1	They avoid social media

Q.No: 9	Choose the most suitable option to replace the highlighted part of the sentence: He walked slowly <i>lest he should fall</i> .		
	in order to not fall		

its o	entence is provided in indirect speech. From the four given options, choose the one that most accurately conveys the sentence in corresponding direct speech.
не	said that he wished to speak with the manager.
"I w	vish to speak with the manager," he said.
"I w	vant to speak with the manager," he said.
"I w	vished to speak with the manager," he said.
"Ma	ay I speak with the manager?" he said.

Q.No: 99	Rearrange the following sentences to form a coherent paragraph:
	 It is a process that involves the systematic and objective investigation of a subject to discover new facts or to confirm existing ones. Research is a foundational pillar of academic and scientific progress. This can be either theoretical, aiming to expand knowledge, or applied, seeking to solve a practical problem. The findings of this investigation are then documented and peer-reviewed to ensure validity and credibility.
