Q.No: 5 **Which of the following sentences uses the word "saw" with the same meaning as in the following sentence?**  
"He saw the car coming too late"

She used a hand saw to cut the plank in half.

We needed a power saw to cut through the thick branch.

I saw a beautiful sunset last night.

The lumberjack's saw was very loud.

[Click Here to Challenge Question No.: 6](#)

Q.No: 6 **Read the following passage and answer the questions based on it:**

Online purchasing, which combines unmatched ease with a distinct set of disadvantages, has completely changed how consumers behave. Accessibility is its main benefit; customers may explore and buy things from almost anywhere at any time, and there is frequently a greater selection than in physical stores. Important lures include competitive pricing, made possible by internet retailers' reduced overhead, and the simplicity of comparing prices from several providers. However, there are significant drawbacks to online shopping's virtual nature. Delivery-related discontent may result from the inability to personally inspect things before purchase. Concerns over shipping delays, unstated expenses, and the effects of packaging and transportation on the environment are becoming more widespread. Additionally, the individualised customer service experience may be weakened by a lack of human interaction.

What is the primary advantage of online purchasing according to the text?

It allows for in-person inspection of products

It provides easy access to a wider selection of items from anywhere at any time

It offers higher prices than physical stores

It eliminates the need for shipping

[Click Here to Challenge Question No.: 7](#)

Q.No: 7 **Read the following passage and answer the questions based on it:**

Online purchasing, which combines unmatched ease with a distinct set of disadvantages, has completely changed how consumers behave. Accessibility is its main benefit; customers may explore and buy things from almost anywhere at any time, and there is frequently a greater selection than in physical stores. Important lures include competitive pricing, made possible by internet retailers' reduced overhead, and the simplicity of comparing prices from several providers. However, there are significant drawbacks to online shopping's virtual nature. Delivery-related discontent may result from the inability to personally inspect things before purchase. Concerns over shipping delays, unstated expenses, and the effects of packaging and transportation on the environment are becoming more widespread. Additionally, the individualised customer service experience may be weakened by a lack of human interaction.

What is one of the key benefits of online shopping in terms of pricing?

Higher prices due to store overhead costs

Competitive pricing due to lower overhead costs for online retailers

Fixed prices with no possibility of comparison

Prices that remain constant across all platforms

[Click Here to Challenge Question No.: 8](#)

Q.No: 8 **Read the following passage and answer the questions based on it:**

Online purchasing, which combines unmatched ease with a distinct set of disadvantages, has completely changed how consumers behave. Accessibility is its main benefit; customers may explore and buy things from almost anywhere at any time, and there is frequently a greater selection than in physical stores. Important lures include competitive pricing, made possible by internet retailers' reduced overhead, and the simplicity of comparing prices from several providers. However, there are significant drawbacks to online shopping's virtual nature. Delivery-related discontent may result from the inability to personally inspect things before purchase. Concerns over shipping delays, unstated expenses, and the effects of packaging and transportation on the environment are becoming more widespread. Additionally, the individualised customer service experience may be weakened by a lack of human interaction.

What is a significant drawback of online shopping mentioned in the text?

Lack of variety in products

The inability to inspect products before purchasing

Higher prices for shipping

Limited access to the internet

[Click Here to Challenge Question No.: 9](#)

Q.No: 9 **Read the following passage and answer the questions based on it:**

Online purchasing, which combines unmatched ease with a distinct set of disadvantages, has completely changed how consumers behave. Accessibility is its main benefit; customers may explore and buy things from almost anywhere at any time, and there is frequently a greater selection than in physical stores. Important lures include competitive pricing, made possible by internet retailers' reduced overhead, and the simplicity of comparing prices from several providers. However, there are significant drawbacks to online shopping's virtual nature. Delivery-related discontent may result from the inability to personally inspect things before purchase. Concerns over shipping delays, unstated expenses, and the effects of packaging and transportation on the environment are becoming more widespread. Additionally, the individualised customer service experience may be weakened by a lack of human interaction.

What are some growing concerns related to the environmental impact of online shopping?

Increased store visits

Concerns over shipping delays

Higher fuel consumption from physical stores

Limited product availability

[Click Here to Challenge Question No.: 10](#)

Q.No: 10 **Read the following passage and answer the questions based on it:**

Online purchasing, which combines unmatched ease with a distinct set of disadvantages, has completely changed how consumers behave. Accessibility is its main benefit; customers may explore and buy things from almost anywhere at any time, and there is frequently a greater selection than in physical stores. Important lures include competitive pricing, made possible by internet retailers' reduced overhead, and the simplicity of comparing prices from several providers. However, there are significant drawbacks to online shopping's virtual nature. Delivery-related discontent may result from the inability to personally inspect things before purchase. Concerns over shipping delays, unstated expenses, and the effects of packaging and transportation on the environment are becoming more widespread. Additionally, the individualised customer service experience may be weakened by a lack of human interaction.

What aspect of the customer experience may be weakened by online shopping?

The ability to compare prices easily

Personalized customer service due to lack of human interaction

The variety of products available

Convenience of purchasing from anywhere

Q.No: 29	Here some problem or solution of the problem is given in the statement you have to choose the appropriate logical deduction for given statement. Statement: Advancements in surveillance technology have improved national security and crime prevention. However, concerns about mass surveillance and privacy violations have sparked debates on ethical boundaries and government overreach. Critics demand transparent policies and public oversight. Conclusions: I. Surveillance technology has both benefits and risks. II. Public oversight and clear policies are needed to balance privacy and security. III. Surveillance should be completely banned to protect individual freedom. Which conclusion necessarily follows?
----------	--

यहाँ आपको कथन में किसी समस्या या उसके समाधान के बारे में दिया गया है, आपको दिये गए कथन के लिए उपयुक्त तार्किक निष्कर्ष चुनना है।

कथन:

निगरानी तकनीक में प्रगति ने राष्ट्रीय सुरक्षा और अपराध रोकथाम में सुधार किया है। हालाँकि, व्यापक निगरानी और गोपनीयता के उल्लंघन की चिंताओं ने नैतिक सीमाओं और सरकारी अतिक्रमण पर बहस छेड़ दी है। आलोचक पारदर्शी नीतियों और सार्वजनिक निगरानी की माँग करते हैं।

निष्कर्ष:

I. निगरानी तकनीक के लाभ और जोखिम दोनों हैं।

II. गोपनीयता और सुरक्षा के बीच संतुलन बनाने के लिए सार्वजनिक निगरानी और स्पष्ट नीतियों की आवश्यकता है।

III. व्यक्तिगत स्वतंत्रता की रक्षा के लिए निगरानी पर पूरी तरह से प्रतिबंध लगा देना चाहिए।

कौन सा निष्कर्ष अनिवार्य रूप से निकलता है?

Only I follows

केवल I अनुसरण करता है

I and II follow

Q.No: 36 In each question below is given a statement followed by two courses of action numbered I and II. You have to assume everything in the statement to be true and on the basis of the information given in the statement, decide which of the suggested courses of action logically follow(s) for pursuing.

Statement : A high number of accidents are occurring at a railway crossing due to lack of proper signaling systems.

Course of action I : Install automated signaling systems at the crossing immediately.

Course of action II : Ban train services on that route permanently.

प्रत्येक प्रश्न के नीचे एक कथन दिया गया है जिसके बाद दो कार्यविधियाँ क्रमांक I और II दी गई हैं। आपको कथन में दी गई हर बात को सत्य मानना है और कथन में दी गई जानकारी के आधार पर, यह तय करना है कि दी गई कौन सी कार्यविधि तार्किक रूप से अनुसरण करती है।

कथन: उचित सिग्नालिंग प्रणाली की कमी के कारण रेलवे क्रॉसिंग पर बड़ी संख्या में दुर्घटनाएँ हो रही हैं।

कार्यवाही I: क्रॉसिंग पर तुरंत स्वचालित सिग्नालिंग प्रणाली स्थापित करें।

कार्यवाही II: उस मार्ग पर ट्रेन सेवाओं पर स्थायी रूप से प्रतिबंध लगाएँ।

Only I follows
